EUROPEAN CAPITAL GROWTH FUND I EUR

FUND FACTSHEET - AS AT 30 NOVEMBER 2018

OBJECTIVES

FUND AIM

The investment objective is to generate capital growth by investing in a concentrated portfolio of equities selected from European markets. Overwhelmingly, but not exclusively, the managers invest in companies that are at the larger end of the capitalisation scale.

INVESTMENT STYLE

The Fund invests in wealth creating companies at attractive valuations. Building concentrated portfolios from the bottom up, unconstrained by the composition of the Fund's benchmark index, the managers seek to make a small number of long-term investments, primarily in growing companies, with strong management and operating in favourable business environments.
