How do I obtain financial advice and how much will it cost?

We do not offer advice on our funds and products. If you have any doubts about the suitability of investing in the Waverton Investment Funds you should seek independent financial advice.

If you do not have a financial adviser, details of authorised financial advisers in your area can be found at www.apfa.net, following the link to "Consumers", or at www.unbiased.com and clicking on "Search for financial adviser".

The cost of advice and how it is paid for has changed. There are now new rules prohibiting the payment of commission to advisers. Financial advisers will be pleased to explain these new rules and set out the cost of their financial advice to you.
