Anti-money laundering regulations

Pursuant to the applicable Luxembourg laws and to the circulars of the Luxembourg supervisory authority, obligations have been outlined to prevent the use of undertakings for collective investment such as the Company for money laundering purposes. As a result of such provisions, **EFA must identify the subscriber unless the subscription order has been submitted by another recognized professional of the financial sector, subject to an obligation of identification equivalent to that required by Luxembourg law.**

Anti-money laundering and anti-terrorism financing measures in force in the Grand Duchy of Luxembourg require subscribers for shares to declare to the Company their identity or the identity of any intended beneficial owners of the shares (if they are not the subscriber e.g. where the subscriber is a corporate entity or acts as trustee or nominee). The Company is required to establish controls to determine the identity of subscribers (and any persons on whose behalf they are acting).

Depending on the circumstances of each application, the documentation requested by EFA, described at points (a), (b), (c) and (d), might be waived where:

1. the application is made through a recognised intermediary of a FATF country.

This exception will only apply if the financial institution or intermediary referred to above is situated within a country recognised as having sufficient anti-money laundering regulations.
